

Iridium **9555**

Satellite Phone

iridium®
Everywhere

Anywhere is the new everywhere

Mobile communication can expand frontiers, create opportunities, and establish critical lifelines. But only when it works.

From distant rigs to pitching decks, baking deserts to frozen ice packs, the Iridium® 9555 satellite phone can handle any environment. It is small but determined, sleek but durable, easy to use but powerful. It is every bit as rugged as our previous handsets – still industrial grade and packed with innovative new features.

Iridium 9555 is the evolution of trusted, reliable mobile communications.

And it is connected to the only truly global mobile communications network. So anywhere on the planet you need to be, Iridium 9555 is connected and backed by superior network quality and world-class technical support.

Compact Power

Iridium 9555 packs serious power into its small frame. With a significantly reduced footprint from our previous phone, more hand-friendly form factor, and space-saving features such as an internally stowed antenna, this sleek handset is designed to easily go wherever your customers go.

Rugged and Reliable Critical Lifelines

Iridium 9555 is a dependable, ruggedly built tool, not a toy. It won't play games, take pictures, or play MP3s. What it will do is work. Everywhere. It is engineered to withstand some of the world's toughest environments, so the world's toughest customers can depend on it as a critical lifeline whenever and wherever need takes them.

Features

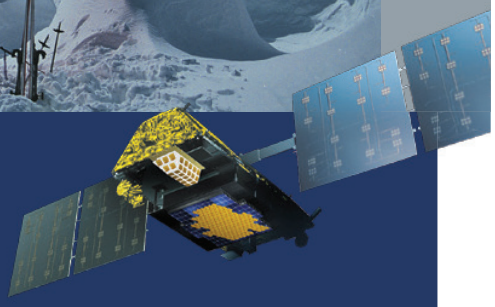

- Compact size for easy portability
- Intuitive user interface for out-of-the-box functionality
- Industrial grade design for unparalleled durability
- Enhanced SMS and email messaging capability
- Integrated speakerphone
- Headset and hands-free capability
- Internally stowed antenna
- Mini-USB data port

Iridium 9555 packs a lot of power into a small, durable handset – and it works everywhere.

When failure is not an option, Iridium is the only option.

Enhanced Features

In addition to all the features you and your customers have come to expect from our trusted satellite phones, Iridium 9555 also incorporates an integrated speakerphone, SMS and email messaging capabilities, and a Mini-USB data port. It continues the evolution of satellite phones, making communication more efficient and effective for end users.

Intuitive Communications

Iridium 9555 features an intuitive user interface – making reliable communication more efficient than ever. We make it so easy, users can start making calls right out of the box, skipping the traditional learning curve.

The future is within reach

Iridium is committed to global communications reliability and performance far into the future. With first launch scheduled for 2015, Iridium's next generation satellite constellation will provide a platform for continued innovation, as well as ongoing support for all existing Iridium-enabled solutions. Rest assured, Iridium NEXT's backward compatibility will ensure Iridium 9555 continues to put advanced personal communications in your grasp – for years to come.

Only one communications company connects the entire globe

Iridium commands the world's furthest reaching network, making it the only truly global communications company with solutions that span from pole-to-pole. Iridium voice and data products provide superior communications solutions that allow global companies, government agencies and individuals to stay connected everywhere. With a unique, global ecosystem of partners, Iridium continues to create new, high-value capabilities that are leading the world into a new era of communication.
